# A Parent's Guide to LEGO SYSTEM™ Toys...

102517/102617-US

**LEGO SYSTEM**

# BASIC Sets Build Imagination

LEGO SYSTEM™ BASIC sets are based upon the idea that children should be allowed to create their own toys. As children grow older and develop new building skills, there is a LEGO SYSTEM BASIC set to match each stage of development. Children will never outgrow LEGO SYSTEM toys because all sets for all ages work together.

## WARNING: An Important Safety Message to Parents

LEGO SYSTEM sets contain small parts that are NOT suitable for children under 3 years of age. DUPLO® sets have larger pieces which are specially designed for children under 3. Please follow indicated age recommendations when purchasing LEGO SYSTEM and DUPLO sets for your children.

### Dear Parents and Children

With every purchase of a DUPLO and LEGO SYSTEM™ product you'll not only buy a creative, fun, quality toy, but also our commitment to service. We're only a phone call or letter away if we can help with product information or service.

# BASIC

Ages 5-7

As building skills develop, children want to build more realistic models. LEGO SYSTEM™ BASIC 5+ sets contain the special pieces and instructions to help build these models.

The Buckets, Build-N-Store Chests, and Tote Packs all come with handles, so children can take these sets anywhere and store them away anytime!

Brick Separator unsticks the bricks! (Included in all specially marked BASIC 3+ and 5+ sets.)
