Sub-assembly steps:

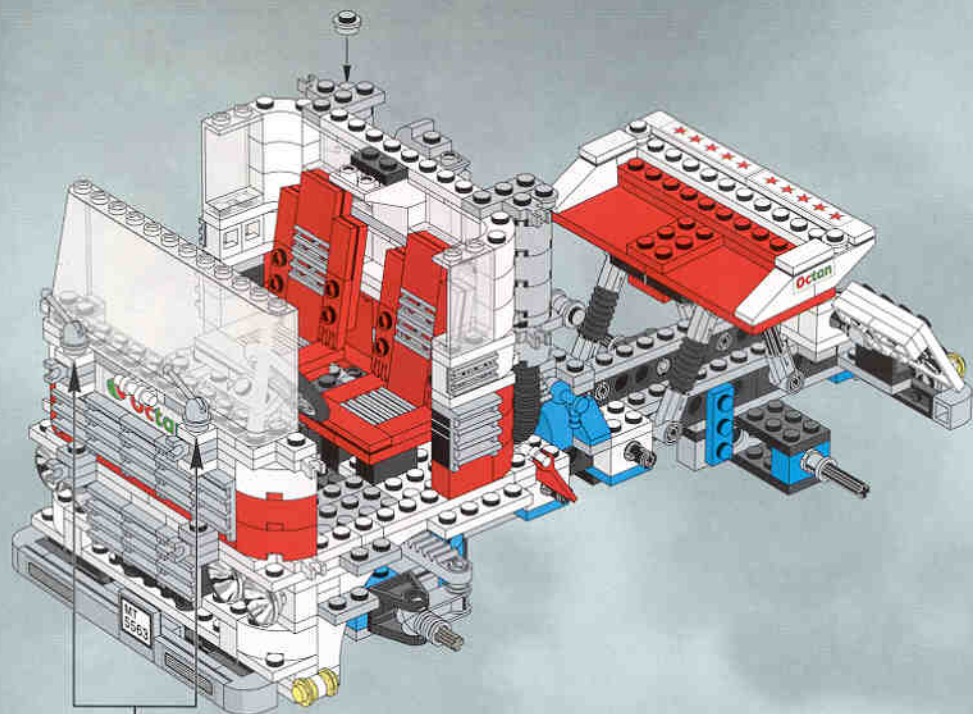

1. Start with a red 2x4 Technic brick with holes.
2. Attach a grey 1x2 Technic brick with holes to the top of the red brick.
3. Attach a red 1x2 Technic brick with holes to the top of the grey brick.
4. Attach a red 1x2 Technic brick with holes to the side of the assembly.
5. Attach a red 1x2 Technic brick with holes to the side of the assembly.

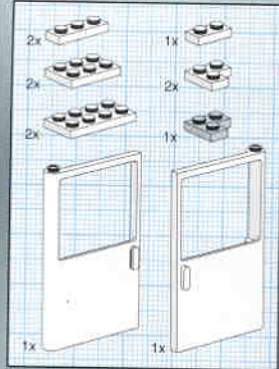

2x

Main assembly diagram showing the sub-assembly being attached to a larger white and red LEGO Technic structure. The sub-assembly is being attached to the top of the structure. A callout box shows the sub-assembly being attached to a white 1x2 Technic brick with holes, which is then attached to a white 1x2 Technic brick with holes, which is then attached to a white 1x2 Technic brick with holes. 2x
