COLOSSEUM

III

In 2018, the Colosseum was the most popular tourist attraction in the world, with 7.4 million visitors.

Nel 2018, il Colosseo è stato l'attrazione turistica più popolare al mondo, con 7,4 milioni di visitatori.

FROM THEN TO NOW

For almost 2,000 years, the Colosseum has stood as a symbol of ancient Rome and survived fires, earthquakes and the loss of its stone blocks to other buildings in the city. Today it's one of the world's most visited tourist destinations and visitors wander through the subterranean passages of the *hypogeum* or gaze down from the upper levels to the partially re-floored arena.

DA ALLORA A OGGI

Per quasi 2.000 anni, il Colosseo è stato il simbolo dell'antica Roma ed è sopravvissuto a incendi e terremoti, mentre molti blocchi di pietra sono stati rimossi per essere usati in altri edifici della città. Oggi, è uno dei monumenti più visitati al mondo e i turisti si aggirano nei passaggi sotterranei dell'ipogeo oppure osservano l'arena parzialmente ripavimentata dall'alto dei livelli superiori.

Serving as a major
tourist attraction today, the Colosseum's
upper floor of the outer wall houses a museum
dedicated to Eros.

Una delle principali attrazioni turistiche attuali,
l'ultimo piano del muro esterno del Colosseo
ospita un museo dedicato al dio Eros.

Why III and not IV? Actually, the Romans used both, sometimes even in the same document!

Perché III e non IV? In realtà, i romani usavano entrambi, a volte anche nello stesso documento!
