## **CARNAGE BY NAME. CARNAGE BY NATURE.**

"Alien. Symbiote. Villain. Venom's deadly nemesis is known for leaving a trail of destruction and devastation wherever he goes. The clue is in the name..."

Carnage is such a great villain, so full of character, and we loved the challenge of bringing that to life in this model. Fans will instantly recognise his very graphic red and black appearance in this model, with that trademark scary smile and sharp, pointy teeth.

It's always a fun challenge to design something that is 'alive' with LEGO® bricks. Just like Venom, Carnage is a symbiote, so we wanted it to have that organic feel, rather than just a static mask. I think the final look really achieves that.

I hope you enjoy building it, as much as we did designing it!"
