Emily Jones rejoins her Elven friends as they get started on a new adventure, one that involves dragons! As the newly discovered baby dragons begin hatching, Emily and the Elves learn that they must reunite them with their captive mother as quickly as possible, as babies do not live long without their mother. It will not be easy doing this alone, so Emily and the Elves have to figure out how to communicate with the large elemental dragons they will meet in new parts of Elvendale, to hopefully rebuild the friendship and trust that once existed between dragons and elves, and together save Elvendale!
